

COURSE OUTLINE

Tony White - Fearless and Fun Watercolours

9.30-4.00 10-12 June 2023, Studio D, M16 Artspace, Griffith

Beginners to Advanced

Why are you frightened? Just get stuck in. It is only paper and paint and water. Just do it! In this workshop we will focus on bringing you out of your comfort-zone and into the world of loose, vibrant, fresh and free-flowing watercolours. Lose the rigidity that has been plaguing your work. A fresh approach means that your watercolours will come to life. Your inhibitions gone and your own artistic flair will come to the fore.

Applying the paint with purpose, while ensuring we take care of the essentials such as composition and tone, you will leave this workshop with a new-found confidence and attitude towards this fantastic medium.

We will complete two paintings per day plus exercises and fundamentals.

Let's Create, not duplicate!
