

ASOC 'SUMMER ART 25' WORKSHOP

**LANDSCAPE IN OILS WITH TED LEWIS**

**SUN 19 – TUE 21 January 2025, 10:00 am – 4:00pm**

**STUDIO D, M16 ARTSPACE, GRIFFITH ACT**

**COURSE OUTLINE**

Learn to paint the landscape in oils. Ted will share his approach to his subjects and his process and techniques. He will show the qualities of the colours, how to prepare boards, the medium he uses, and how his approach in working from photos is similar to how he works Plein-air. Ted will demonstrate and guide you in the use of design, perspective, colour, tone, and depth, as well as ways to bring light and life to your painting.

Learn to spot and correct problems, and how to improve old works, adding life and combining reference photos to improve the composition. Ted will also show some exercises to work on at home to bring a sense of light into your work.

This workshop is suitable for all levels. Those with limited experience will be able to work at a simpler level to learn the basics of landscape painting. More experienced artists will have opportunities to further add to their skills and understanding.
